

Gamepad Datasheet

1. Charging

When using the gamepad wireless, first fully charge the gamepad. This will take approx. 2 hours.

2. Connection to Device

2.1. Connection to PC

2.1.1. Wireless

1. Connect the receiver to the computer
2. Press Home + Y on the gamepad for 3 seconds

2.1.2. PC Wired

1. Connect the gamepad to the USB-A connection of the computer
2. Press Home + Y on the gamepad for 3 seconds

2.1.3. Bluetooth device

1. Press Home + R on the gamepad for 3 seconds
2. Go to the Bluetooth settings of the computer and select the controller in the list of available Bluetooth devices

2.2. Connection to Nintendo Switch:

1. Go to the Switch settings > controllers > Change Grip/Order
2. Press Home + A on the gamepad for 3 seconds
3. Go to the Switch settings and follow instructions:
 - Press L + R on the controller
 - Press A when you're ready

3. Upgrading Gamepad

1. Download the latest driver file from <https://www.trust.com/24790/driver>
2. Unplug the receiver from your computer.
3. Reboot your computer and wait until your operating system has completely finished booting.
4. Connect the gamepad to your computer using the included data cable.
5. Open the program.
6. Click the Start button.
7. Wait for the update to be installed. Do not unplug the gamepad or interrupt this process!
8. Click on OK when the message "Download Successful!" appears and then close the program.
9. Your gamepad is ready to be used.

Trust Gaming GXT 542 Muta Wireless Gaming Controller - Black

Rechargeable wireless gaming controller with triple connections and multiplatform support

Article number: 24790

Barcode: 8713439247909

GTIN: 08713439247909

Core content

Brand	Trust Gaming
Product type	Wireless Gaming Controller
Colour	Black
Key features	<ul style="list-style-type: none"> - 3 ways of connecting; via 2.4GHz USB receiver, Bluetooth®, or USB cable - Eco-friendly design; made with 75% recycled materials - Multiplatform support – use with PC, laptop, Android, iOS, Nintendo Switch, and more - Rechargeable, built-in battery – say goodbye to expensive disposables - Charge while playing with the extra-long 3m included USB-C cable - Pressure-sensitive triggers, for precise and accurate control in all your games - Motion sensor for Nintendo Switch for use with motion control-compatible games - Realistic (adaptable) vibration feedback for enhanced immersion - Including 2 interchangeable D-pad covers to personalise your controller
Package contents	- Wireless controller - 2 extra D-pads - USB receiver - USB-C Charge and play cable - User Guide
System requirements	- Windows 10 or 11 - macOS 10.15, 11 or 12 - Chrome OS - Bluetooth connection - Free USB port for wireless connection - Free USB-C port for charge and play

Marketing

Extended retailer text	<p>The triple connection</p> <p>With not one, not two, but three ways of connecting the Muta to your device, the decision is up to you. Choose from the 2.4 GHz USB receiver, Bluetooth®, or USB cable - so much choice!</p>
-------------------------------	--

Sensitive soul

Pick up every micro-movement with the Muta's pressure-sensitive triggers, designed to give you precise and accurate control in all your games.

Green is the new black

Gaming good. Plastic bad. With the Muta's composition of 75% recycled materials, you can enjoy gaming with added peace of mind that you're playing your part for the planet too.

Pick your platform

Want to use your Muta on PC? Sure. How about laptop? Of course! Android? You got it. Heck, the Muta even lets you play on iOS, Nintendo Switch and more too. Multiplatform magic.

Down to the wire

We know you'll love the Muta's wireless capability, but we thought we'd be super nice and let you play when it's charging too – with the extra-long 3m cable, you can play wired so the game never stops!

Made for you

Taste is a very personal thing, so why shouldn't that apply to controllers too? Make the Muta the perfect fit for you with its two interchangeable D-pad covers for a (literal) personal touch.

Switch it up

The Muta is no ordinary controller – with its awesome Nintendo Switch motion sensor, you can use it with motion control-compatible games for even more fun. How cool is that?

Pickin' up good vibrations

Ever wanted to teleport right into the centre of your game? Well, now you can, thanks to the Muta's realistic adaptable vibration feedback for a fully immersive gaming experience. Awesome!

Specifications

Plastic material	ABS
